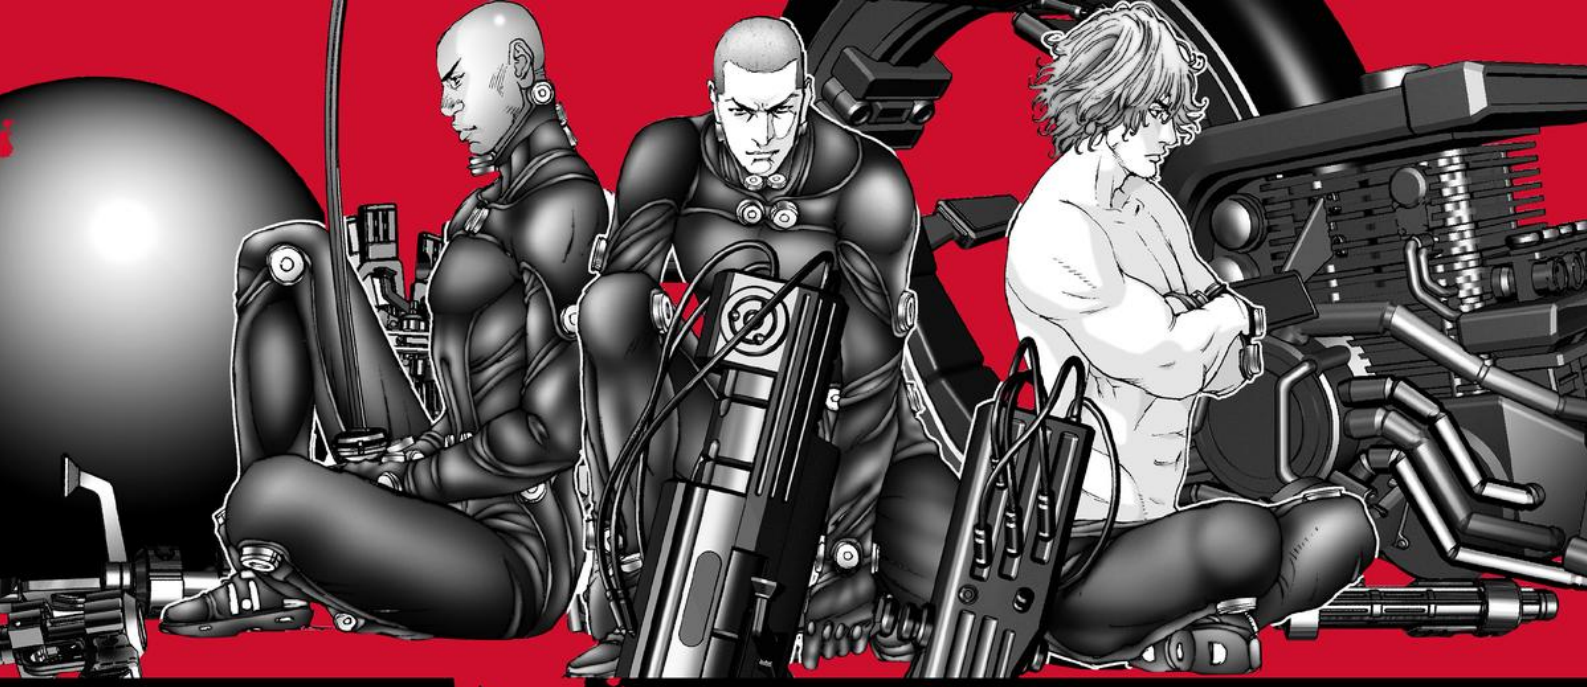
THIS IS THE BACK OF THE BOOK!

This manga collection is translated into English but oriented in right-to-left reading format at the creator's request, maintaining the artwork's visual orientation as originally published in Japan. If you've never read manga in this way before, take a look at the diagram below to give yourself an idea of how to go about it. Basically, you'll be starting in the upper right corner and will read each balloon and panel moving right to left. It may take some getting used to, but you should get the hang of it very quickly. Have fun!



GANTZ
OMNIBUS / 8

The Tokyo Gantz squad of alien fighters join with the battle-hardened Osaka team to face the insanely powerful boss class of off-world horrors. But when facing the beautiful but deadly shape-shifting "100 point" boss, the Gantz warriors soon discover that even the combined firepower of two teams may not be enough to prevail—or survive!

A frightening adult science-fiction vision of a world gone mad, Hiroya Oku's shocking alien-invasion epic has sold over fifteen million copies in Japan and inspired three feature films and an anime TV series. This value-priced collection features 648 pages of shock and awe! Collects *Gantz* volumes 22–24.
